Dear Ms. Laws,

I hope this email is OK to respond for the information requested in Dr. Bradbury's letter for production and label printing. We are currently in production now of our products containing clothianidin and plan to formulate again in April and August of 2014. We could print new (revised) labels for the 2014 production if needed. Please let me know if this email is OK or should I submit a letter to you.

Thank you.

Best regards,
